## Hotel News - Valley River Inn - 100% Non-Smoking

### Valley River Inn Goes 100% Non-Smoking

Effective October 15th, Valley River Inn went 100% smoke-free, including all guestrooms and public areas.

Valley River Inn is dedicated to providing a clean, comfortable and relaxing environment for its guests and the hotel's new policy is a result of customer data and a clear demand from guests for a healthy, smoke-free hotel experience.

"At the heart of all of our decisions is the comfort, well-being and quality of life for our guests," said General Manager George Rogers.

"We view our hotel as a retreat from the rigors of travel. Our goal is to provide a place where guests can relax and restore their mind, body and spirit in a healthy way.

At Valley River Inn we strive to offer a spectrum of products, services and personal touches that will help our guests walk out of our hotel feeling better than they did when they arrived.

Industry research, as well as our own research, confirmed a clear consumer demand for a clean, smoke free hotel environment."
